ANIMH

Association Nationale des Institutions de Microfinance d'Haïti (ANIMH) is a non-profit Haitian organization committed to contributing to the development of the microfinance sector in Haiti. ANIMH intervenes in four areas: strengthen the overall structure of the microfinance sector, provide services to its members, officially represent its members with the international community and government of Haiti, and promote its members and the sector.

“Konbit’s support enabled ANIMH to hire a highly qualified consultant to draft its strategic plan, which marked a turning point in the history of the organization as it provided practical and realistic advice for its survival.”
